## Characteristics:

Our drilled columns provide an easy choice for soothing water features. Use an extra large column to bring a commanding presence to your pond or water garden. Our columns can be drilled up to 8'.

## Description & Color:

Our drilled columns are individually selected for their uniqueness. The gurglers are mostly grey with brown and taupe variations and have natural contours that provide beautiful displays of flowing water.

## Packaging & Delivery:

Basalt column gurglers are packaged on pallets.

## River Rock Gurglers

Variegated natural colours. Sawn bottoms, pre-cored.
